

Residential Landscaping Application

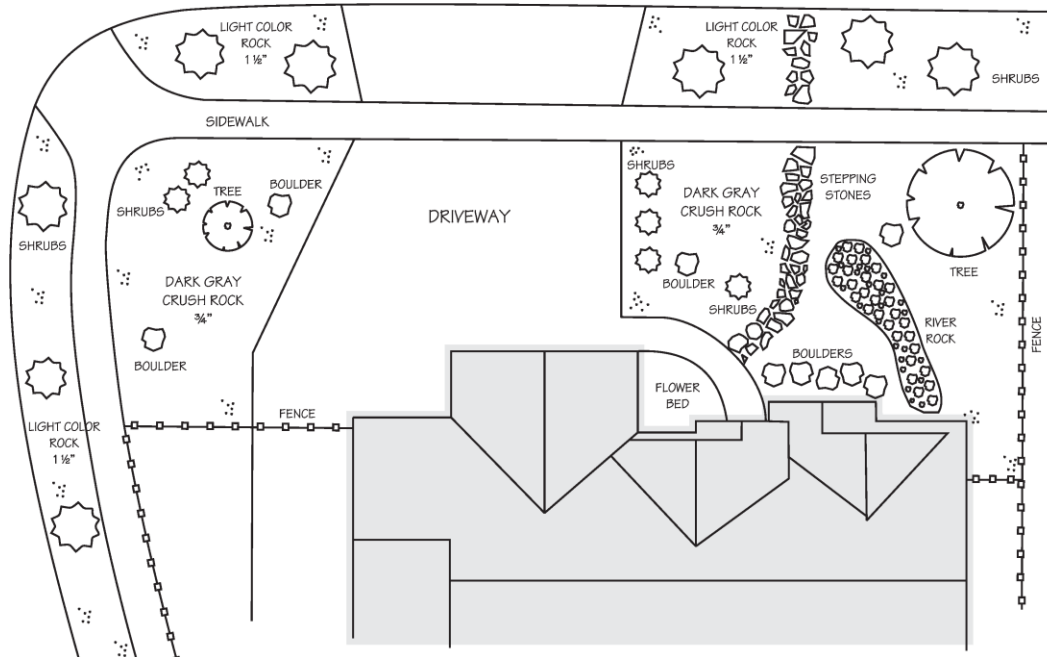

3200 West 300 North
 West Point, UT 84015
 PH: 801.776.0970
 FAX: 801.525.9150
 www.westpointcity.org

All residential landscaping shall comply with the standards and regulations found in Section 17.70.040 in the official West Point City Land Use & Development Code. This **NO FEE** application is for those that wish to increase the amount of “mineral groundcover” (i.e. rocks, boulders, gravel, or sand) over the 30% maximum in the front yard of their residential building lot. This type of landscaping is commonly referred to as Xeriscaping or Localscapes. Modifications from the residential landscaping requirements (as stated in WPCC 17.70.040(G)) “may be granted if a professional design is provided that shows a combination of different sizes/types of inert materials, such as boulders, dry streams, gather places, etc.”
