ENHANCING QUALITY OF LIFE

MAYORS MESSAGE

As we say goodbye to another summer I thought I would take the opportunity in this newsletter to update everyone on few things that are going on in our city.

3000 West Project

I am sure by now most of you are aware that 3000 West is currently under reconstruction from 300 North to 1300 North. This project consists of widening the road with curb, gutter and sidewalk as well as installing roundabouts at 550 North, 800 North and 1300 North. Our original goal was to complete the entire project this construction season, however, we have encountered some delays with utility relocation and now the project from 300 North to 800 North is expected to be completed by November and the remaining

portion from 800 North to 1300 North will be completed in the spring. We apologize for the delay and inconvenience of this updated work schedule. By the time you read this newsletter the school year will be well underway and most of you will have already found alternate routes to Lakeside Elementary and West Point Junior High. There will be some slight modifications to access through 3000 West at both 800 North and 550 North as they complete the roundabouts so please check our website for up to date information on detours associated with getting the kids to and from school.

Smith's Marketplace

By now everyone has seen the construction taking place on the new Smith's Marketplace. It goes without saying but this

is a big deal for West Point. They should be finishing up the earthwork here shortly and they will start construction on the building. They are working towards a Grand Opening in May.

City Council Election

This fall we will have the opportunity to participate in a general election to select three city council positions. A primary election was held on August 11th and paired down the field of applicants to six. Congratulations to the six candidates who made it through to November. I encourage all of you to get to know the candidates and what they stand for and the most important part is come out and vote on November 3rd. At the primary election we had a very disappointing 12% turnout and we hope for more participation during the general election as

we select our city leaders. I have been involved in city government for almost 14 years and I have seen other cities who have not had the luxury of having a good city council and in some cases it might take years to undo the damage of poor decisions of individuals who put their own interests above the city they represent. Spread the word and remind your neighbors, friends and family who live in West Point to vote and let their voice be heard.

It has been a very busy year in West Point and we have started and accomplished some great projects this year. I am so grateful and honored that I can represent this great city. If you have any questions comments or concerns please don't hesitate to call.
