A FEW OTHER ITEMS.....

Containers should be placed curbside the night before pick up day to ensure they are not missed!

- Please place your container in the proper place; the ideal location is to the left or right of your driveway as close to the road as possible. Be sure the handle faces your house. Containers must be placed at least 6 feet away from other containers or objects (i.e mailboxes, light posts, fences etc.)
- Please do not block containers with vehicles. It is best to place containers at least 20 feet away from any vehicle.
- Containers cannot be overloaded. If the lid on your container is open more than 2 inches, it is overloaded. If you need another container, please call your city's Public Works Dept. for options.
- Cardboard boxes **must** be broken down, preferably into small pieces. Please do not lay flattened boxes on top of container.

PLEASE REMEMBER THAT YOUR RECYCLING CONTAINER WILL ONLY BE PICKED UP EVERY OTHER WEEK!
